Summary of reasons for decision:

The computer image file printout is deemed to be objectionable because it tends to promote and support the exploitation of children for sexual purposes.

The image on the printout shows a young girl posing in a manner that displays her sexual parts. The girl wears brief pants but the camera focus on her partly-bared buttocks and genital area sexualises the photograph. Images such as this encourage viewers to see children as sexually available and strengthen the idea that they may be used for adult sexual gratification.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
